&&&&&

It is to inform that through the references 1st, 2nd & 3rd cited Subsidy Seed Plan was communicated to APSSDCL for making necessary arrangements for supply of seed during 2026-27

It is to inform that vide reference 4th & 6th cited Manager Marketing, APSSDCL, Vijayawada has communicated the Sale Prices of Groundnut Seed for supply during Kharif 2026 as detailed below.

Sl. No.	Groundnut Variety	Class of Seed	Packing size	Sale price (in Rs. / qtl)
1	K-6, TCGS-1694	C/S & T/L	30 kg	10200/-
2	Narayani	C/S & T/L	30 kg	10500/-
3	Kadiri Lepakshi (K-1812)	C/S & T/L	30 kg	9500/-

It is to inform that the sale price, subsidy pattern and No of bags for Groundnut

seed for distribution during Kharif 2026 is detailed below

Sale price and subsidy

Variety	Class of seed	Sale price (In Rs /Qtl)	Subsidy allowed (In Rs /Qtl)	Net sale price (In Rs /Qtl)	% of Subsidy
K-6	C/S & T/L	10200	4080	6120	40%
		10200	9180	1020	90% (Tribal farmers in Agency mandals)
TCGS 1694	C/S & T/L	10200	4080	6120	40%
		10200	9180	1020	90% (Tribal farmers in Agency mandals)
Narayani	C/S & T/L	10500	4200	6300	40%
		10500	9450	1050	90% (Tribal farmers in Agency mandals)
Kadiri Lepakshi (K-1812)	C/S & T/L	9500	3800	5700	40%
		9500	8550	950	90% (Tribal farmers in Agency mandals)

No of bags of Groundnut seed for distribution during Kharif 2026

SNo	Crop	Packing size (kgs)	No.of bags		
			upto-0.5 ac	0.51 ac -1.00 ac	1.01 ac and above
1	Groundnut	30	1	2	3

Further it is to inform that vide reference 5th cited the list the tenderers who have been qualified for supply of Groundnut seed during Kharif 2026 was communicated by APSSDCL .

In order to ensure the quality of seed supplied by the tenderers during the 2026-27 through RSKs stringent quality monitoring is required at all stages of seed

processing to supply at RSKs Hence all the DAOs may be requested to constitute a team of members headed by Assistant Director of Agriculture for inspection of each Seed processing plant located in the district with a direction to closely monitor the seed quality during Seed processing and packing in order to ensure the distribution of only quality tested seed and Seed meeting Indian Minimum Seed Certification Standards, 2013 (mentioned below) and to avoid post sale complaints during 2025-26.

IMSC Standards, 2013 for Groundnut Seed:

Sl. No.	Standards	Groundnut T/L
1	Moisture (Max.)	9%
2	Physical Purity (Min.)	96%
3	Inert matter (%)	4%
4	Germination (Min.)	70%
5	Other Crop Seeds (Max.)	none
6	Other distinguishable Varieties (Max.)	-
7	Weed seeds (Max.)	none

The Shelling percentage should be more than 74 %

Check list for verification of the units

- Seed Processing plant Registration with APSSCS and inclusion of CSL(Location,list of Machinery ,Capacity etc)
- Registers to be maintained at Seed Processing units
- Seed Processing register, Certified seed and labelled Seed
- Seed Stock register, Certified seed and labelled Seed
- Foundation seed Distribution register
- Processing details to be furnished to O/o C & DA
- Seed Production Plan to be furnished to O/o C & DA
- Whether all registers , delivery challans and Bill books are certified by concerned Seed Inspector or not
- Whether Foundation seed receipt and transfer certificate are available /maintained with details of farmers name, quantity, variety etc.
- Whether Transfer certificate (for C/S) delivery Challan (Other than C/s) and way bill meant for Seed receipts for processing are maintained properly or not
- Whether all registers and records are maintained for each seed company

separately or not(for a processing plant acting as a custom processing plant)

- Whether processed / unprocessed stocks maintained variety wise Lot wise with labels
- Whether seed is packed after receipt of germination results or not
- Whether testing samples (for germination) are preserved or not
- Whether germination register is available /maintained and required equipment /facility for conducting germination tests are available or not
- Form D
- Whether Processing of own seed or custom processing , if so for whom they processing
- Whether sufficient storage space is provided for storage of raw seed/ processed seed or not
- Whether stock register balance is tallying with ground balance.

List of Seed Processing units furnished by APSSDCL is here under

S.No	Name of the Supplier	K-6 T/L (22 No.s)	TCGS 1694 T/L (7 No.s)	Narayani T/L (9 No.s)	K-1812 T/L (2 No.s)

Further it is to inform that while distribution of various crop seeds under subsidy all the DAOs in the State are instructed to follow the guidelines / Standard Operating Procedure (SOP) scrupulously during the year 2026-27.

GUIDELINES / SOP FOR DISTRIBUTION OF SEED UNDER SUBSIDY THROUGH RSKs

- Subsidy seed shall only be distributed to actual cultivating farmer limiting to 2 ha or actual area sown (whichever is less) through online only.
- Subsidy seed of Green manure crops and contingency crops shall be supplied to the eligible farmers which is in addition to the above seed quantity limitation.

In-charge of RSKs:

- The Rythu Seva Kendralu incharge shall identify the beneficiary farmers in the village for subsidy seed of each crop specifically as per the guidelines and subsidy pattern issued by the Commissioner & Director of Agriculture.
- The VAA shall obtain the declaration from the farmer beneficiary by stating that the seed distributed under subsidy is utilized for the sowing purpose.
- Subsidy seed distribution shall be made through online only except cases where permission was given from this office.
- The Rythu Seva Kendralu incharge shall identify the beneficiary farmer duly authenticating through D Krishi App. Farmer identification will be made through Aadhaar - Biometry / Face recognition / OTP to Aadhaar seeded mobile.
- The Land details will be fetched by entering the farmer Aadhaar number in the in registration module of Dkrishi application by Rythu Seva Kendralu in-charge.
- After that, farmer details are authenticated by Aadhaar – Biometric / Face recognition / OTP to Aadhaar seeded mobile.
- After registration of the farmer, payment of non subsidy amount can be done in the same app through UPI mode or cash mode.
- The RSK in-charge should credit the non subsidy amount to APSSDCL account on the same day and update the paid details in remittance interface provided in RSK in-charge Web login.
- Upon receipt of the seed at RSK, the In-charge of RSK shall ensured quality of the seed before seed distribution. If seed is not of good quality, it should be returned immediately to the concerned supplying agency.
- The crop wise and category wise list of farmer beneficiaries shall be maintained by RSK in-charge, MAO, ADA & JDA.
- After completion of seed distribution, the crop wise list of beneficiary farmers should be displayed at RSKs for social audit.
- The area sown shall be booked under e-Crop booking for the seed distributed under subsidy as a mandatory. It should reflect 100% field situation otherwise In-charge of RSKs concerned will be held responsible.
- Any farmer beneficiary who has not sown the subsidy seed duly diverting for other purposes will be made ineligible for further Government benefits.
- The in-charge of RSKs is responsible for any lapses in the subsidy seed distribution process at village level, as he/she is the Implementing officer for subsidy seed distribution at RSK level.

MAO:

- The Mandal Agriculture Officer at mandal level, being the implementing officer is responsible for the RSK wise seed allocation and smooth distribution of the subsidy seed through RSKs in the Mandal.
- The MAO should visit 3 to 4 distribution points (RSKs) daily in the mandal and submit the report to the higher authorities by the evening.
- The MAO shall closely monitor the seed demand generation and distribution process by the in-charge of RSKs and shall maintain liaison with the seed supplying agency so as to ensure timely supply of Quality seed to the farmers.
- Any diversion of subsidy seed by the unscrupulous individuals shall be dealt in every seriously. If found, they may be booked under the EC Act-1955 besides filling the criminal case against them.

ADA

- Overall supervision of subsidy seed distribution at all the sale points ie., RSKs under his/her jurisdiction.
- The Assistant Director of Agriculture® concerned, being monitoring officer is held responsible for the lapses if any takes place in distribution of seeds in his/her jurisdiction.
- The ADA should visit 4 distribution points in the subdivision per day and submit the report on daily basis to the higher authorities by the evening.

DAO

- Overall supervision of subsidy seed distribution in the district and shall have liaison with AP seeds in timely supply of seed to farmers.
- For daily monitoring of seed demand generation and distribution, a seed monitoring cell should be formed at district level under the supervision of District Agriculture Officer. The names and phone numbers of the officials deputed to the monitoring cell has to be communicated to this office.
- The services of the district level coordinators shall be utilized for resolving the App related issues.
- The district level monitoring cell should monitor and resolve the field level issues on the functioning of App, availability of biometric machines, timely supply of seed by APSEEDS and any issues related to the demand generation and distribution of Subsidy Seed. Also to see that seed shall be distributed through online only closely monitoring the distribution at frequent intervals.

- The DDA in the O/o JDA shall visit 6 distribution points in the district per day and submit the report to the higher authorities on daily basis by the evening.
- The DAO in the district shall monitor the distribution of seed while touring to mandals along with other schemes and submit report to this office.
- The DAO shall submit the Utilization certificate of the Subsidy seed distributed to farmers for both online and Offline quantities (for which permission was given by the Commissioner) to the Commissioner of Agriculture within 15 days of the completion of the distribution of subsidy seed of specific crop in the district.
- The DAO has to review the RSK incharge wise remittance at regular interval. This remittance details can be viewed in all logins for reconciliation

APSSDCL:

- A.P.State Seed Development Corporation Ltd will act as nodal agency for supply of crop wise & variety wise indented quantities of seeds by procuring from various sources.
- APSSDCL shall ensure seed quality by pre testing for seed quality standards such as germination %, moisture content, Physical purity etc. before offering the seed for distribution.
- Upon receipt of the RSK wise indent, the DM (Seeds), APSSDCL shall dispatch the subsidy seed to the respective RSKs by arranging transportation.
- The APSSDCL shall display a banner showing the particulars of crop wise and variety wise sale price, subsidy and non- subsidy amount to be paid by the farmer of the seed to be distributed at RSKs.

COMMISIONERATE

- A monitoring cell at seed section for collection of relevant reports is to be formed by Agriculture officer from the seed Section.
- State coordinators of App shall attend for the resolving of various issues related to the application of App in subsidy seed distribution.

Strategy to recover Farmer share:

VAA : Deposit to APSSDCL on the same day of collection.
MAO : Daily monitoring the payments of VAAs
ADA : Weekly monitoring the mandal wise payments.
DAO : FN Monitoring the mandal wise payments
DM : Appraising the DAO the weekly payment status
APSSDCL(HQ): Monitoring DMs time to time for non-subsidy amount

receipts against sales and communication to C&DA for further action.
